SOUND SLEEP

(A New Dimension In The Vaastu)

(THE EARTH ENERGIES)

Your bed is the place where you renew yourself physically and spiritually. The bed room should be your personal oasis. Each direction has a potent influence on the energy of your bed room. where you renew yourself physically and spiritually, hence the placement of bed is plays vital role once life.

Once I went to a man's home and warned him not to sleep in a certain spot, he thought I was a fool. Twelve years later, he died of cancer" – Ernst Hartman.MD
